PARTIES OF RECORD

RE: Case No. 2008-00169
**INTERCONNECTION AND NET METERING GUIDELINES FOR ELECTRIC
SUPPLIERS AND QUALIFYING CUSTOMER-OWNED GENERATORS**

Enclosed please find a memorandum that has been filed in the record of the above referenced case for the Informal Conference held on September 5, 2008. Any comments regarding this memorandum's content should be submitted to the Commission within five days of the receipt of this letter. Questions regarding this memorandum should be directed to Rick Bertelson at 502-564-3940, extension 260.

Sincerely,

A handwritten signature in black ink that reads "Stephanie L. Stumbo".

INTRA-AGENCY MEMORANDUM

KENTUCKY PUBLIC SERVICE COMMISSION

TO: Main Case File - Case No. 2008-00169

FROM: Aaron Greenwell, Team Leader

DATE: September 9, 2008

SUBJECT: Informal Conference, September 5, 2008

Pursuant to a Staff Notice, an informal conference ("IC") was held in this matter on September 5, 2008 at the Commission's offices. Copies of the IC attendance list and the conference agenda are attached.

This was the third IC held on this matter. The primary purpose of these ICs has been for the jurisdictional electric utilities and the non-utility parties to work collaboratively in order to reach a consensus on interconnection and net metering guidelines to comply with the requirements of Senate Bill 83, enacted by the General Assembly during the 2008 Regular Session. The specific purpose of the current IC was to discuss the first revised draft of the interconnection and net metering guidelines developed by the jurisdictional electric utilities and the utilities' response to the comments provided by the non-utility parties on the utilities' initial draft.

The IC began with a discussion of Staff's position regarding several issues concerning the initial net metering and interconnection draft guidelines. The IC continued with representatives of the utilities providing a brief presentation of the revised draft guidelines and the responses to the comments the non-utility parties submitted in response to the initial draft guidelines. Following a break the non-utility parties stated their intent to provide comments on the revised draft guidelines by close of business on Monday, September 8, 2008. The IC concluded with the Staff's recommendation that a representative on behalf of the utilities and a representative on behalf of the non-utility parties try to resolve remaining differences during the week of September 8, and to provide a status update on Friday, September 12, 2008.

The IC was then adjourned.
